

NARCAN for CLIENTS

If Narcan is indicated due to risk of overdose or misuses, please **notify the client's PCP**.

Example communications:

I have conducted a risk assessment for Jane Doe (DOB 8./22.1984) for opioid misuse and overdose. Based on the objective screening results. Jane is at risk of overdose while using an opioid medication. I'd like to have Narcan added to her medication list. I will provide Narcan for at-home use and train her if you approve.

To **receive a dose of Narcan** for a client **at no cost**, please email the individual in the county which your client resides. You will pick up a dose of Narcan and deliver to him or her at your convenience.
